Corn showed greater firmness than wheat, with a good general demand. Offerings were at no time urgent. The close was strong, with Sept. %c higher at 49%c, having sold up with but little hindrance from 48%c at the opening. Trading was good throughout the session. Provision interests bought deferred futures and shorts covered freely. Some late advices of crop damage from lowa and Illinois helped the strength. Clearances were 30,700 bu. Local contracts showed a decrease. The volume of business was large. Local receipts were 363 cars, with 32 of contract grade. The linid Eagle will come in this morning from Peoria and depart on the return in the afternoon. -Captain Archie Wood, a retired steamboat clerk, was a caller at the Lee Line offices yes-

DATS. There was a good trade in oats and prices responded some to the strength in other grains, Sept. closing 1282 higher at 323.00 321gc, with a range for the day between 311gc and 3. sc. Shorts with profits were the best buyers, but some advance was lost at the close on selling by commission-houses. Lo-cal receipts were 39 cars.

at the start, due to free selling by Armour,

under which Sept. sold off from the open-

ing, 75% 675%c, to 75%c, there was a firm

steady advance to 75½c. Shorts covered freely and there was good buying by both commission-houses and local traders, who

were inclined to believe that the market

had been too persistently hammered and the

pronounced. They were also encouraged by the moderately bullish tone of the weekly

Government crop bulletin and by a showing of primary receipts of 20,000 hushels under last year. The market appeared to be oversold and responded readily to the demand. The close was quiet and showed a gain for Sept. of 540-54 c at 754-275-c. Clearances of wheat and flour were equal to 55,000 bu. Minneapolis and Duluth reported receipts of 522 cars which with local research of to:

223 cars, which, with local receipts of 163 cars, 19 of contract grade, made a total for the three points of 326 cars, against 262 cars last week and 712 cars a year ago.

Galveston, Tex., July 21.—The weekly crop Galveston, Tex., July 21.—The weekly crop bulletin of the Texas section of the United States Weather Bureau, issued to-day for the week ending July 29, is summarized as follows:

Steady warm weather continues throughout the week, the average temperature being about normal, with a very large percentage of sunshine. Light and widely scattered showers occurred in the eastern portion, and a heavy rainfall over the Panhandie, the precipitation in Amarillo being over three inches. Drought continues over the western portion and extends as far east as the western counties of the north certail portion. Northern Sigc; No. 1 Northern 19%c. Oats, 24 in the control of the

tinues over the western portion and extends as far east as the western counties of the north central portion.

The weather is ideal for cotton, and the plant continues to make very rapid growht. It is now fruiting more rapidly and boils are reported to be opening in Duvai County. The crop is generally free of grass, except a very small acteage in the northern portion, which has been abandoned. In the south central counties many fields have been laid by.

Boll wevil is reported from the same area as last week, with the additional counties of Cass, Montanue and Haskell. The insect is doing but little damage and the most of that is confined to the common and timber lines.

Late corn is suffering in sections affected by the drought, but on the whole, the crop is in excellent condition. Conditions for thrashing wheat, rye and oats were very favorable and the work progressed rapidly. The yield continues to be excellent, with the exception of spring oats, which will be late. Rice is making rapid growth and sugar cane is in first-class condition.

Forage crops, with the exception of the drought-stricken sections, are in excellent condit.
